River City Brewing is all about great beer and great communities. Quality beer is our first priority, but supporting the communities and people where our beer is served is next on our list.

“ Water is not only the first ingredient in making beer, we believe it’s the first ingredient in making a community. Supporting the goals of the Spokane Riverkeeper then is a direct way to support the long-term health and quality of life in our community. We have used our company brand and resources to support the Spokane Riverkeeper to raise money and awareness of their goals. ”

-Gage Stromberg

Numerica Credit Union, a full-service financial institution, is committed to enhancing lives, fulfilling dreams and building communities – all of which help our members, and our community live well.
